**Beauty Hints**  
By Louise Glaum

That beautiful actress, Louise Glaum, says: "A girl or woman who is passed by without a glance of admiration has only herself to blame. No matter how irregular the features anybody who possesses a beautiful complexion will attract attention anywhere. It is now possible through the use of Derwillo for any one to have a beautiful skin, soft, smooth, and velvety, just follow Miss Glaum's advice. You can get Derwillo from the toilet counter of any up-to-date drug or department store. It is famous for the instant results it gives. Put it on one side of your face and compare it with the other—you will need no further argument to convince you that it is away ahead of face powder or other beautifiers. Get Derwillo and try it today; you will be astonished at the quick results it gives."

**Princess Pat**  
for Everyday Wear

Women who like high-heel shoes and fancy style shoes wear the lower-heeled Princess Pat for street and house wear. It has a heel of pleasing elevation with a rounder toe. Housekeepers, nurses, and business women find that it gives their feet unlimited comfort—that the prettily-rounded lines of this light-weight shoe make the feet look graceful and well shod.

The Princess Pat comes in a variety of leathers. The wearing qualities are famous. It is made in extremely light weight with thin but strong soles.
